

"THE CALL"

WE THE PEOPLE IN ORDER TO FORM A MORE PERFECT UNION.

My friends, the call is already here. The call is in the Constitution. I love Trump. He has and continues to defend our Republic, but do we love Trump or do we love what he stands for and defends i.e. our Republic and our Constitution?

The time for talk is over. I believe Trump has all the information needed to pull every lever needed to remain in power, but I don't believe he know if he can trust those in power to execute and follow such orders and lever pulls.

He trusts US. He trusts WE THE PEOPLE.

Every time more information and evidence is reported and revealed IS A CALL. Yes, Trump could one day soon be explicit and call on us, but why is nobody preparing for what to do if he doesn't make the call? Just because he doesn't make the call doesn't mean our Republic isn't on the brink and in a modern day war with the CCP.

We all know DC is compromised by the CCP. We all know the three letter agencies are compromised. SCOTUS is compromised or too weak. DC as a whole is too weak, but 80 million Americans support this man. If 10-20% answer the call we will win. It doesn't even need to be violent, but the lack of MASS GATHERINGS in DC and in every city is the problem.

We all know the Reaper is at the door. We all know if Biden takes that oath we are finished and at some point violence will come.

The point is, our focus needs to shift from spreading information and being wholly reliant on Trump to "make the call".

The CONSTITUTION made the call in 1776. The Second Amendment and its wording and purpose made the call. Its purpose is to form a WELL ARMED CITIZENRY AND MILITIA.

My plan is we all show at the WH on it a few days before 1/20/21 and surround the WH 24/7. Ready to defend ourselves but also ready to make them kill all of us to remove him. I'm not LARPING. I'm not a glowie. I've made my choice but I'm not going to go alone.

If this idea gets support I'll lead the charge but I'm not going alone on a suicide mission that would lead to arrest and a ruining of my life. If enough of us showed up we could stop this. Trump can make the call, sure. BUT SO CAN WE.

The Constitution specifically states that our CONSENT is required to be governed. If we do not consent to

PERIOD.

WE THE PEOPLE HAVE THE POWER TO COLLECTIVELY MAKE THE CALL.

And until I see some god damn ideas and dates for mass showing of non-consent I don't want to hear a Fucking word calling me a DOOMER, GLOWIE, or LARP.

The CALL was made in 1776 and the Constitution gives us, WE THE PEOPLE, the power to MAKE THE CALL ourselves. So, let's fucking make it. Perhaps Trump is waiting on us to show that we mean fucking business and then he will pull the levers.

WE THE PEOPLE IN ORDER TO FORM A MORE PERFECT UNION.

7 1/19 is too late, or danger close to being too late. I love your OP though! Arrive 1 PM 1/4, plan to stay til 1/20. If Congress has to fight through us just to get to their meeting on 1/6, they'll see who they should fear. It would also affect SCOTUS.
▼ If all you can do is arrive 1/19 and stay through 1/20, that's certainly better than nothing. We need posts for each State, organizing carpooling, caravans, and etc.

▼ Clog the streets. I'm 1,000 miles away, but I'll be there in my full sized cargo van. Hopefully with someone in the passenger seat just as committed, and as part of a caravan of at least 20 vehicles. The clog the streets idea was raised on an ?AMA here over the Summer, hosted by a State legislator. I didn't like the idea at the time, but now I see his point.

▼ We need to mob Washington DC. I am leaving on Jan 1 and will not leave till President Trump's 2nd term. 2 million American voters must be there on Jan 20. The greatest Trump rally ever. Shut down the city traffic. Party like it's 1776. Support our greatest president. No violence but bring your pitchfork

▼ Bring boomsticks. We need millions before 1/6, so when Congress tries to get to their meeting they have to fight their way through us. They need to know who to fear. This will also shake up SCOTUS, who could still change things after then. Deterrence is the best use of force.

▼ I just learned there's a funny word for what I heard of, kind of like "La Chancla" - when your mother hits you with a flip-flop. It's "Cacerolazo" - beating pots and pans together when you protest.

This is the way to get hope for the best, plan for the worst. Everyone is sitting around waiting for Trump.

Trump is great, but he's a man, he's not a god and he's not more important than this country. I think he has a plan. I'm 99% positive he has a plan. But I also have three children, and I'm not willing to risk that their life will be a living nightmare if he doesn't have a plan.

We are staring down the barrel of civil war. Despite what some might think, if it happens it will not go easy, it will not be 'fun' it will be hellish and awful. People will be killed indiscriminately, women and children will be raped. Anyone who thinks otherwise has not read history - and especially the history of Marxist takeovers.

But if we the people show up and assemble and show that there's a million or more of us. If we go and stay, and make it clear we will have to be removed or Biden will, that's what sparks the fire.

Making a decision to go if it comes to Biden being "inaugurated" takes little, besides the conviction to hold fast. You can still wait to see what Trump does, what others do, but you can prepare yourself for the worst.

It also solves the organization problem in one fell swoop. Anyone can understand the plan of "Go to DC. Be there until you don't need to be. The end"

I wholeheartedly back you - we need to get word out on this board as well as everywhere. Also people spreading this on all the boards and sites they go in there comments sections, on facebook on twitter on parler.

I'm going to go. I just hope I'm not alone. That's why I posted this now. Gives time to prepare mentally and emotionally.

If we show up a few days in advance, more will come. By the morning of 1/20 if nobody came, we just leave. It's only worth doing if at least a couple thousand come. Otherwise it's not enough numbers wise.

I'm willing to do whatever is needed but if it's clear that nobody is coming, those of us who were there a day or two before can just simply leave and prepare our homes and families for whatever the next four years brings. However, if this idea gains traction and large support it could be a movement that changes the world.

Everyone saying "do it then pussy" is just a moron. The battle is only worth fighting if we have the numbers to send a message and get it out on TV. If I go alone or just a small group, it will have no impact and we would be risking a lot for a battle we would not win and a message that would not be heard. M

The surround the WH "occupy" approach only works if several thousand show up a few days early to bring the early media attention which would then spark a fire in those who need to know they aren't alone and give them courage to join us.

Flood the National Mall, surround the WH. Unified under one message WE DO NOT CONSENT TO BE GOVERNED BY UNDULY ELECTED OFFICIALS. M

If a threshold of people show up, then we must know that the movement could go violent and we could lose our life. I've come to terms with that.

But for me, I need to see decent levels of support otherwise it's futile and not worth throwing your life away over.

If enough showed up, we could stop this. Some level of force will be required to resist Antifa and BLM, etc. but imagine if a million people showed up. Just 1%-5% of his voting base would be a million+

removed by force or even killed by US law enforcement, military, SS, etc then I guarantee 50% of the remaining 80million would join the fight.

Trump can pull powerful levers, and he still might. But perhaps WE THE PEOPLE can pull an even more powerful lever.

It would be our Tieneman Square moment in history. I would be honored to die for that moment to wake everyone else up.

Trump is sleepless and thinking and preparing for what it would be like if HE crossed the Rubicon. We all need to be thinking and preparing for what it would be like if WE THE PEOPLE crossed first.

You won't be alone! My axe, warhammer, bowie, etc will be there. Unless DJT manages to resolve this first. That would be nice. I'm not counting on it. In fact if millions of us are there before 1/6 and all looks well, it would totally suck if most leave before 1/20 and it reverts back to Bide't being installed. We really need to stay. Clog the city so nothing can move. Stand firm against the DC tyrants. I'm thinking they want to go home at the end of their shift enough that they won't kick this off. I'll be the first one to die if need be. Bet I don't go down without taking several with me. More realistically, we need to prepare to live for those 2 weeks like Civil War tent cities. We can't expect they'll set up 100,000 porta potties for us. Or any. We can't leave every night and stay in a hotel room. We need real preparation. And a post for each State to organize carpooling, caravans etc.

1/4 - 1/20. Congress needs to see us as they try to get to their meeting 1/6. They need to know who to fear. We will shake up SCOTUS, too.
